Agent Quick-Start Guide — Getting to Your First Policy Sale

Prepared by Margaret Muriuki | Agent Onboarding & Support Specialist
Version 1.0 | April 2025

GOAL

This guide will take you from registration to your first successful policy sale on the Lami platform within 7 days.

STEP 1 — REGISTRATION & ACCOUNT SETUP

Before you can sell on the Lami platform, your account must be fully registered and verified. Follow these steps:

1. Complete the agent application form (provided by your Onboarding Specialist)
2. Submit your identification documents: National ID or Passport (both sides)
3. Provide your KRA PIN certificate and active M-Pesa / bank details
4. Wait for confirmation — you will receive an SMS and email once your account is approved
5. Log in to the Lami Agent Portal using the credentials in your welcome email

 **TIP:** Use the same phone number and email address throughout — this is how Lami will communicate with you and credit your commissions.

STEP 2 — KYC COMPLIANCE

KYC (Know Your Customer) compliance is mandatory before your account is activated. This protects both you and your clients.

REQUIRED DOCS

National ID / Passport • KRA PIN Certificate • Certificate of Good Conduct (where required) • Passport photo

Documents must be clear, legible, and not expired. Blurry or incomplete documents will delay your activation.

 **TIP:** Submit all documents in one batch to avoid delays. Your Onboarding Specialist will confirm receipt within 24 hours.

STEP 3 — PLATFORM WALKTHROUGH

Once activated, you will have a guided onboarding session with your Onboarding Specialist. Here is what you will cover:

- ▶ Navigating the Lami Agent Portal dashboard
- ▶ How to search and select the right insurance product for a client
- ▶ How to fill in a client quote and generate a policy document
- ▶ How to process payment and confirm a sale
- ▶ How to track your commissions and performance
- ▶ How to raise a support ticket if something goes wrong

 **TIP:** Take notes during your session and refer back to this guide. A recording of the walkthrough can be shared on request.

STEP 4 — YOUR FIRST SALE (WITHIN 7 DAYS)

Your activation target is to complete your first policy sale within 7 days of onboarding. Here is a simple process to follow:

STEP	ACTION	TIPS
1	Identify a potential client	Start with someone you know — a friend, family member, or colleague who may need personal accident or health cover.
2	Understand their needs	Ask: Do they have any existing insurance? What are they worried about protecting? What is their budget?
3	Select the right product	Log into the portal, search by product type. Use the comparison tool to find the best fit.
4	Generate a quote	Enter the client's details and share the quote PDF. Walk them through what is covered.
5	Handle objections	Common objection: 'It's too expensive.' Response: 'Let me show you our entry-level plan — it covers the essentials from as little as KSh X/month.'
6	Confirm payment	Guide the client to pay via M-Pesa or card through the portal. Never handle cash.
7	Share the policy document	Download and send the client their policy document. Confirm they received it.

STEP 5 — GETTING SUPPORT

You are never alone on the Lami platform. Here is how to get help:

- ▶ Call or WhatsApp your Onboarding Specialist directly (contact in your welcome email)
- ▶ Submit a support ticket via the Help section of the Agent Portal
- ▶ Access the Agent FAQ in the Knowledge Base section of the portal
- ▶ Email support: agents@lami.com (response within 4 business hours)

REMEMBER

Your Onboarding Specialist will check in on Day 2 and Day 5 after activation. Be ready to share any questions or challenges.

QUICK REFERENCE

Keep this cheat sheet handy:

Portal URL	agents.lami.com
Support WhatsApp	+254 XXX XXX XXX
Support Email	agents@lami.com
Commission Payment	5th of every month via M-Pesa
